/api/events/{eventId}`	Updates an event owned by the organizer.	Organizer	`{ eventName, eventDate, startTime, venue, description, capacity, status, categoryIds }`	**200 OK** updated event; **403** forbidden; **404** event not found
/api/events/{eventId}`	Removes an event.	Organizer	None	**204 No Content**; **403** forbidden; **404** event not found
/api/categories`	Lists all event categories.	Public	None	**200 OK** category list
/api/categories`	Creates a category.	Organizer	`{ categoryName, description }`	**201 Created**; **400** validation error; category exists
/api/categories/{categoryId}`	Updates a category.	Organizer	`{ categoryName, description }`	**200 OK**; **404** not found; **409** duplicate
/api/categories/{categoryId}`	Deletes a category not in use.	Organizer	None	**204 No Content**; **404** not found; **409** not in use
/api/events/{eventId}/categories`	Adds a category to an event.	Organizer	`{ categoryId }`	**201 Created** link; **404** event/category not found; already linked
/api/events/{eventId}/categories/{categoryId}`	Removes a category from an event.	Organizer	None	**204 No Content**; **404** link not found
/api/events/{eventId}/enrolments`	Enrols the logged-in participant in an event.	Participant	None or `{}`	**201 Created** enrolment; **404** event not found; already enrolled/full
/api/enrolments/me`	Lists the logged-in participant's enrolments.	Participant	None	**200 OK** enrolment list; **401** unauthenticated
/api/events/{eventId}/enrolments/me`	Cancels the participant's own enrolment.	Participant	None	**204 No Content**; **404** enrolment not found
/api/events/{eventId}/enrolments`	Views all participants enrolled in an event.	Organizer	None	**200 OK** enrolment list; **403** forbidden; **404** event not found
/api/events/{eventId}/results`	Records a result for an enrolled participant.	Organizer	`{ enrolmentId, finishTime, position, points }`	**201 Created** result; **400** invalid data; **404** event not found; **409** result exists
/api/events/{eventId}/results`	Returns results for an event.	Participant / Organizer	None	**200 OK** results; **404** event not found
/api/results/me`	Returns results belonging to the logged-in participant.	Participant	None	**200 OK** result list; **401** unauthenticated

Roles: Participant can manage profile, browse/enrol/view results. Organizer can manage events/categories, view enrolments and record results.

REST decisions: GET reads, POST creates, PUT updates, DELETE removes. Protected routes require bearer-token authentication and role authorization.
